

Haze Generator

P-H3 is a compact and powerful water-based Haze Generator, adopts new generation of quiet technology ensure lower noisy even with larger air volume. DC fan design for durable use and stable output. Hidden fluid tank makes the structure of machine more beautiful and artistic. It is a perfect option for nightclub, theater, small to middle scale shows etc.

Features

- \ Enlarged heating block, stable haze output
- \ Odorless haze output with original fluid
- \ Anti-fluid drip design
- \ DC fan design, durable and stable output
- \ New generation quiet technology, larger air volume lower noisy
- \ Uniform haze effect even in low fog output
- \ 5.5h continuous working after fill up
- \ Support DMX and remote control

Specifications

Dimension

360 x 300 x 230 mm

Net Weight

11 kg

Input and Power

220-240VAC, 50/60 Hz, 1500W

100 -120VAC, 50/60 Hz, 1200W

Heat up time

4min

Fog output

6000cfm

Consumable

FX-HF Fog Fluid

Fog fluid tank capacity

5L

Fluid Consumption

Appr. 15ml/min

Control

DMX

Remote control
