

SONICBOOM RGB

SONICBOOM RGB is a unique color smoke jet. This system is exclusively optimized for SHOWVEN® COLOR SMOKE FLUID, a water-based, eco-friendly solution that ensures a non-toxic and harmless experience. Our fluid is PAHs, Halogen, and Phthalate-free, providing a clean, safe, and brilliant color effect. Supporting multiple colors including Pink, Green, Blue, Yellow, and Purple, it is the premier choice for large-scale events where safety and visual excellence are paramount.

SPECIFICATIONS

- \ Dimension: 440x360x305mm
