## UE Head Wind 500

Item Code : PFPFWI001219

The EU Head Wind makes it possible to direct the wind in a concentrated beam.

Used without a head, our bases produce a powerful and wide wind effect.

The head doubles the range of the airflow by reducing the opening of the effect.

It also creates an acceleration phenomenon by increasing the wind speed.

It is advisable to equip yourself with a power variator to precisely control the desired effect.

### NOMENCLATURE :

- 1 x UE Head Wind 500

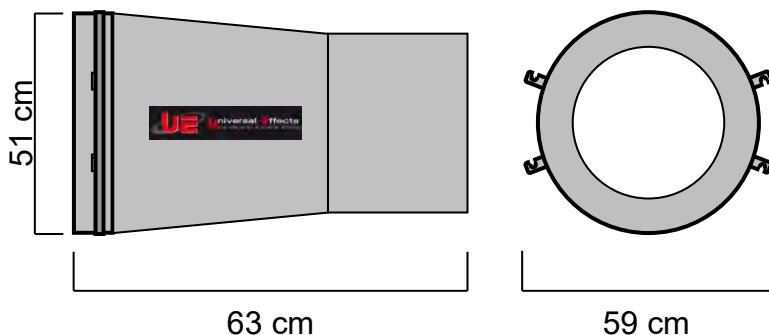

### TECHNICAL SPECIFICATIONS :

Size : 63 x 51 x 59 cm

Weight : 5 Kg

### FEATURES :

Wind directed and accelerated.  
Allows precision and significant scope.

### BASES USABLE :

- UE K- Base 500
- UE ST- Base 500
- UE XT- Base 500

### SPEED AND WIND FLOW :

On EU K-Base 500 the output speed is 44Km / h with a flow of 144 m<sup>3</sup> / min  
On EU ST-Base 500 the output speed is 75Km / h with a flow rate of 245 m<sup>3</sup> / min.  
On EU XT-Base 500 the output speed is 77Km / h with a flow rate of 80 m<sup>3</sup> / min.

Made of ALUMINUM, the Head Wind 500 is built to last. Each element has been chosen for its quality and efficiency.
